## ABOUT ME

Frontend Developer, I leverage HTML, CSS, JavaScript, and TypeScript to develop engaging web interfaces, with a growing expertise in React and Next.js. I am proficient in Git for seamless version control and collaborative development. I prioritize clear and effective communication, ensuring teamwork. My passion lies in building user friendly interface

## SKILLS & TECHNOLOGY

**Languages:** HTML, CSS, JavaScript, TypeScript

**Technology:** React.js, Next.js, Bootstrap, jQuery, TailwindCSS, GSAP, SASS

**Skills:** Git, Figma, Responsive Design, SEO Principles

## PROJECTS

### • Code Editor

Designed and implemented code editor using JavaScript, React.js, and CSS, prioritizing a seamless user experience. This project enables developers to write and preview HTML, CSS, and JavaScript code within a single interface. The real-time rendering feature facilitates rapid prototyping and experimentation, while the responsive design ensures optimal usability on any device. This project demonstrates my skills in frontend development, user interface design, and responsive web development

### • Shopping Store

Developed a multi-page e-commerce website using HTML, CSS, and JavaScript, enabling users to browse and purchase products. Implemented dynamic product selection, quantity adjustment, and model variations for a seamless shopping experience. Utilized JavaScript to handle user interactions and manage product data. Created a responsive design to ensure optimal viewing across various devices. Demonstrated proficiency in front-end development, user interface design, and interactive web development

### • Image Search

Built a responsive image search application using HTML, CSS, and JavaScript, demonstrating skills in front-end development and API integration. Utilized asynchronous JavaScript to fetch image data from an RESTful API, dynamically updating the user interface based on search parameters. Implemented user-friendly search functionality and image display

## ACADEMIC DETAIL

BCA	United University, Prayagraj	2022-2025
Intermediate	Ewing Christian Public School (CBSE), Prayagraj	2021-2022

## CERTIFICATIONS

### React.js ( Udemy )

- Successfully completed an in-depth React.js course on Udemy, developing practical skills in building modern web applications
- Acquired knowledge of React's fundamental principles, including component-based architecture, JSX syntax, and event handling
- Mastered state management techniques using both React's built-in hooks and Redux, enabling the construction of complex applications with efficient data flow
- Learned to implement asynchronous actions and manage application state effectively using Redux middleware
- Proven ability to create responsive and user-friendly interfaces with React.js

### Web Development ( Udemy )

- Learned to style and structure content with HTML, CSS
- Developed practical skills in building responsive and interactive web pages
- Implemented dynamic functionality with JavaScript
- Learned to handle asynchronous operations
- Gained experience in working with the Document Object Model (DOM)
