PROFILE SUMMARY

MCA student specialized in fullstack development with a focus on building high-performance, AI-integrated systems. Expert in Next.js and Node.js, architecting end-to-end applications that automate workflows and optimize efficiency

SKILLS & TECHNOLOGY

Languages: HTML, CSS, JavaScript, TypeScript, Java

Frameworks: React.js, LangChain, Next.js, Bootstrap, Node.js, Express.js, TailwindCSS, GSAP, SASS

Databases: MongoDB, MySQL, PostgreSQL, Pinecone (Vector DB)

Tools/Technologies: Gemini, Postman, RESTful API, Git, WebSockets, AWS, Docker, CI/CD

Core Concepts: RAG (Retrieval-Augmented Generation), Data Structures, Algorithms, Object Oriented Programming

ACHIEVEMENTS

- Secured 5847 Global Rank in TCS CodeVita 2025 Round 2. [view certificate]
- Achieved 3rd place in hackathon held at Shambhunath Institute Of Engineering and Technology Allahabad. Developed a functional and comprehensive home security system. [view certificate]

PROJECTS

AlignerAI **Live Preview**

- Developed a web application featuring an automated data pipeline to dynamically parse and optimize candidate resumes against targeted job descriptions
- Integrated LangChain and Gemini with Zod validation to securely stream data into IndexedDB storage
- **Tech Stack:** Next.js, TypeScript, IndexedDB, LangChain, Gemini

WebDev Playground **Live Preview**

- Developed an interactive full-stack code environment with a sandboxed iframe for secure, real-time code rendering
- Integrated AI-Assistant using LangChain and Gemini to stream context-aware AI responses that automatically inject code into global state
- **Tech Stack:** React.js, Node.js, MongoDB, LangChain, Gemini, CodeMirror

ResumeAI **Live Preview**

- Developed a resume builder featuring an automated data pipeline to parse uploaded PDF and execute semantic keyword analysis to generate real-time ATS match scores
- Integrated Gemini for advanced content optimization and a Supabase to dynamically fetch and render premium templates, built a responsive design interface optimized across all screen sizes
- **Tech Stack:** React.js, Node.js, Supabase, Gemini, Javascript, GSAP

CERTIFICATION

Sankalp [view certificate]

Selected to present an innovative technical project at the National Summit on Innovation & Skills held at NIT Allahabad, Engaged with industry founders and government officials

ACADEMIC DETAIL

MCA	United University, Prayagraj	2025-Present
BCA	United University, Prayagraj	2022-2025
